Hi, Christine,

Thanks for stopping by and letting me use the Site Management Plan. The following statement is intended to be a summary of the current status of the site cleanup . I'd appreciate your feedback on whether it is accurate and complete. Thanks. This information is taken from Table 2, Forthcoming CERCLA Document Summary. Philip

This site is making progress toward cleanup according to appropriate cleanup standards. According to Christine Kaitin, EPA's RPM: (1) Treasure Isl Naval Station is making good progress in cleaning up the site under State oversight; (2) Sites 1, 3, and 7 have received closure concurrence from DTSC; (3) Sites 5 and 17 were incorporated into Site 24; (4) no action RODs have been completed for Sites 9, 10, and 13; (5) Remedial Investigations have been completed or are planned in the next 2.5 years for Sites 6, 8, 11, 12, 28, 29, 32, and 33; (6) Feasibility Studies have been completed or are planned in the next year for Sites 21, 27, 32, and 33; (7) a Remedial

Investigation/Focused Feasibility Study is planned this year for Site 24; and (8) a Proposed Plan/ROD/Remedial Action Plan is planned this year for Site 30. Reference: Final Site Management Plan, Naval Station Treasure Island, San Francisco, California, December 21, 2007.
